Remove element

1. Remove self
2. Remove all chilren

1. Remove self using Element.remove()

Auto remove message after 3 seconds

```
const message = document.getElementById('successMessage');
if (message) {
 setTimeout(() => {
 message.remove();
 }, 3000);
}
```

2. Remove all chilren

```
const ulElement = document.getElementById('todoList');
if (ulElement) {
 while (ulElement.lastElementChild) {
 ulElement.removeChild(ulElement.lastElementChild);
 }
}
```
